

Regulatory Compliance Summary – H1 2026

Policy Alignment, Upcoming Changes & Action Items

Date: 8 June 2026

Classification: Restricted

Prepared by: Chief Compliance Officer

Scope: All licensed entities

1. Overview

This summary covers the key regulatory developments affecting our center and its licensed entities during H1 2026. Three major policy frameworks are under active review and will require formal response by the end of Q3 2026. All entity-facing communications have been drafted and are pending CSO sign-off.

2. Regulatory Calendar – Upcoming Deadlines

Regulation	Jurisdiction	Deadline	Impact	Status
ISSB S1/S2 Sustainability Disclosures	Global / Local Adoption	30 Sep 2026	High	Draft guidance published
AML/CFT Framework Update (FATF)	All licensed entities	15 Aug 2026	High	Training underway

3. Key Regulatory Developments

The Financial Action Task Force (FATF) updated its Recommendation 16 ('Travel Rule') guidance in March 2026, extending requirements to virtual asset service providers (VASPs) operating with transaction thresholds above USD 1,000. All eight VASPs licensed in our center have been notified and must demonstrate compliance by 15 August 2026.

ISSB S1 and S2 standards, now endorsed by IOSCO and adopted in 28 jurisdictions, will require our listed entities to produce climate-related financial disclosures from fiscal year 2026 onwards. A workshop for entity compliance officers is scheduled for 25 June 2026.
